**BUTLER COUNTY LANDFILL**  
**COUNTYWIDE CLEAN UP PROGRAM**  
**2020**

To: City Managers/City Administrators/City Clerks  
From: Linda Johnson, Recycle/Environmental Coordinator  
Date: May 26, 2020

Butler County will be hosting the 2020 Countywide Cleanup Program during the week of **June 20<sup>th</sup> to June 27<sup>th</sup>, 2020**. This week is designated for any individual residing in Butler County to deliver cleanup-related waste to the landfill at a nominal cost.

This program is also designed to allow individual cities to host their own cleanup events. Each city is allowed to schedule up to two weeks during the year at the special pricing. Please understand that city cleanups do not need to be scheduled at the same time as the countywide cleanup. A city-hosted cleanup event that is held during the same week as the countywide event will count toward that city's allotted two weeks.

Please contact Linda Johnson at 1-316-322-4127 to schedule and coordinate events. Enclosed you will find a copy of the policy for the cleanup program including a description of eligible items and the applicable disposal fees.

Eligible waste should be kept separate from the regular waste stream. **Mixed loads will be charged regular landfill fees.** When possible, metal goods and wood waste should be separated so that these items can be recycled.

Butler County is pleased to support community efforts to make our county a cleaner and more beautiful place to live. Please feel free to call with any questions.
